

New Year's Greetings from Bonnie Butterfly,

It is hard to believe that January 2016 is almost over. I am still chasing fir needles in my living room carpet. Sigh! Where does time go? Therefore, knowing we are all short of time, I am making this letter very short. But I do want to bring you up to date, pictorially, how your prayers have been answered during the past very busy season.

There were many days spent in hosting, entertaining, preparation, driving, and teaching both pilots in Hillsboro and the new Indonesian classes in Salem, as well as participating in two local one or two day mission conferences. God continues to provide unbelievable strength and protection. I can only praise HIS name and thank you for your part in His ministry in my life. Bless you all.
