

April 10, 2014

Greetings from "blooming" Wilsonville

Last month, I focused on "Marching Ahead", and now is the time for "April Action" ☺: plans for my courtyard - set up; summer meetings and activities - scheduled; plane reservations - made; new Dynamic Women in Missions (DWIM) meetings and activities - established; budding friendships pursued and blooming ones - enriched; personal writing - continued.

That is a general action prayer list. Now here is a more specific one! Bless you as you pray:

- The Dynamic Women in Missions preparation (study and Skype) that is necessary before I can be the NW Network Representative for which OMS is asking.
- Preparation and travel arrangements for the One Mission Society Regional Meeting in Indiana - May 18 - 23.
- Daily "Fluttering" (devotional) posts on my new website: www.bonniesteinborn.com and Facebook: Bonnie Steinborn (your comments are such an encouragement☺)
- Deeper involvement with Grace Chapel, the church I am now attending in Wilsonville
- A greater commitment to the writing process that I started in February
- God's will concerning the submitted application for the Women in Ministry faculty position at Corbin University in Salem.
- Upcoming speaking engagements, work with the Chinese pilots and follow up
- Faithful commitment to daily time in HIS WORD and participation in local Bible studies
- Opportunities to open my home to all God brings my way →

The list could go on, but time and space are limited. This would be a daunting, near impossible list without God's direction and your encouragement. Bless you as you join me in asking God to answer them according to HIS time and will! You have been so faithful in the past, and I am honored to have you as part of my OMS team!

May God richly bless you and yours as you move through your April activities! Please keep in touch and thank you again all your love, financial support, and prayers. Nothing will happen without you and God working together and all for HIS GLORY! PTL!

Walking together in HIS SONlight

Bonnie
