

Happy Tuesday to you,

We hope you are doing well and preparing for a special Easter Week Celebration!

As some of you know, Steve and I just returned last week from a 10 day trip to the Holy Land!!

What a gift from God to be able to walk and see and feel all there is to consume in such a special place, We are forever changed! Easter seems so much more real this week having spent time there! We are most blessed!

I'm writing to ask for prayers for Steve again as he will be leaving on Sunday afternoon for a trip to Thailand and Cambodia. He will be meeting up with several of our partners from S. Africa and S. Sudan to attend a special conference on sharing the gospel to reach unreached people groups who are not allowed to have Bibles and public displays of belief in Jesus. The conference will help the ITMI partners connect with the other 460 attendees from many countries. They will also learn to use simple, everyday technology (iphones, ipads, videos, etc) to share the Gospel in remote or difficult areas and cultures.

He is passionate to disciple the Arabic speaking world and hopes to have some interaction with Arab speaking contacts and present the SALT material (the discipleship material he teaches) which ITMI is having translated into the Arabic language.

At the end of the conference Steve will go visit in Cambodia to meet with a potential ITMI partner. Lord willing, he will return home on April 14th.

Please pray for his safety, health, and protection as he travels. Looking forward to the opportunities God is putting before him.

Thank you for traveling with us once again! We couldn't do it without you.

Blessings on your week,

Darlene
