

Florida crops from November to April

Florida crops in the hot months

Jesus said, "...open your eyes and look at the fields. They are ripe for harvest." John 4:35

He also said, "The harvest is plentiful but the workers are few. Ask the Lord of the harvest to send out workers into his harvest." Matthew 9:37-38

Where/when is the harvest? Some areas harvest crops in summer or fall. In Florida, there is an almost continual harvest—vegetables from November or December through April, and tropical fruits in the hotter months.

Jesus said to open our eyes, look in strange places. How about checking who's at the pool? Yes! Someone at the pool said, "I want to learn more about Jesus—and practice my English!" This comment led us to a Bible study in English on Sunday afternoons as well as being able to attend a bilingual (Chinese/English) Bible study in a nearby church on Friday nights. Keep checking those strange places for a harvest!

Annual Pastors' Prayer Summit

Thank you for praying for the Prayer Summit in September. There were about 40 pastors who attended. This event leads to unity among pastors and leaders across denominational and ethnic lines in Miami-Dade County. We serve on a committee that prays and strategizes on how to increase unity and prayer in the city. This committee has people from 6 different ethnic groups and several denominations.

Quick Trip to Oregon

We went to Oregon October 21-30 to be with Elaine's brother and sister-in-law who lost their youngest daughter very suddenly. It was a privilege to be there with them during this time of sorrow.

Prayer Requests

- Fruit to come from the bilingual (Chinese/English) Bible studies.
- Wisdom to help those seeking bilingual pastoral care.
- Continued health and protection.

We love you and value your friendship,

Victor & Elaine
