

*October 2015*  
*Autumn Greetings from Wilsonville*

October is lovely this year in the Northwest. The fall colors glorious and the temperatures almost too warm. Each day is a special joy. I am continuing with the pilot ESL classes, three Bible studies, church sharing, ISI meetings and a banquet, special meetings and moon festival celebrations, mobilizing in universities, gardening, walking dogs to help friends, and endeavoring to be a good neighbor. Every day brings challenges and beauty. I am blessed and so grateful for your faithful prayers, love, and support.

Please pray for some possible new teaching commitments and two university international coffees beginning this month. Starting new adventures is always exciting but also very time consuming. I know God is in control and asking that His will be done in every situation and all to His glory.

I plan to write a more detailed letter for the holidays .Therefore, I am going to ask Beth to again format my photos in her masterful way and pray you enjoy them and pray for me as God directs.

I covet every prayer and financial gift. Please remember that I am on loan to International Students, Inc., but all financial gifts are still sent to One Mission Society, PO Box 1648, Monument, CO 80132 (where OMS donations/ gifts are processed for the Greenwood office). I am eternally grateful for you, your continued support, your ministry, and labors of love. May this autumn bring you showers of blessings and leaves of laughter and joy.

For the only cause that matters, EVER
