

# Blessed June, God's Month of Promise,

June 2015

ISI volunteers/staff working with the weekend pilots parties

May was a busy month:

- EFL (English as a Foreign Language) classes in Hillsboro twice a week with international pilots (so far from six countries).
- Weekly outreach activities for Chinese aviation students.
- Final meeting before the summer break with international women, three Bible studies, and recruiting at Multnomah University.
- Hosting the weekly Freedom in Christ meetings and walking dogs for busy neighbors.
- Speaking at Lacombe Bible Church's four-church missionary fellowship luncheon.
- Hosting Margaret, my visiting China scholar, for five days. She became very ill the last day. Please pray that she will make a full recovery.
- Preparing my yard and house for my three-week absence. (Great neighbors will care for them while I am gone. PTL!)

May also included hours coordinating Asian travel details with Joanna Cox, my ISI/GFU traveling companion. There still are a few personal and shared itinerary details to be finalized for both China and India.

Being new to International Students Inc., I am looking forward to attending this international conference where I will learn more about ISI and its values, strategy, people, and world-wide ministry.

The two weeks in China will give me the long-awaited opportunity to re-touch lives of many Chinese I miss and prayerfully encourage them along their professional and spiritual journeys.
