

Dear family at Cannon Beach,

We had a great time with you all at the church there and enjoyed another aspect of God's marvelous creation while walking on the beach. We always enjoy our time there with you and glad we even got in on the potluck. :)

Here in the Portland area our loved ones including Tim seem to be doing well. Thank you Lord.

Tomorrow (Oct 2) we get on the big bird once again for Manila. We will only be in Manila one full day before we fly to San Jose, Mindoro where we will be working with our partners concerning our ministries with the Mangyans (remote mountain people on the island of Mindoro).

Then from Oct 14-30 I, Kermit, will fly to Tacloban to work with the Waray translators.

Raquel will stay at San Jose, Mindoro working with our translation teams.

Again, thanks so much for being our friends and partners in our various ministries.

Yours in His service,

Kermit and Raquel
