

November 2015

Back in the Rainforest!

After three flights and a long, rainy car ride across the equator, I've finally arrived back at Bongolo. I started Saturday morning and arrived on Monday afternoon. I've already worked two full days at the hospital.

Praises

- It was a real blessing for me to see nieces and nephews and be with my family for Thanksgiving for the first time since 2005.
- I really enjoyed seeing old and new friends, and having the opportunity to speak about Bongolo in several churches.
- I am in the process of renewing my residency papers. I didn't have any problem with the first part in the airport in Gabon. I will go back to Libreville for the next part on December 12th.

Prayer Requests

- As I suspected, there is lot of work to catch up on.
- There are some problems in the lab. The new blood count and the new CD4 machines are not working properly.
- A container with some important construction material and our yearly food order should arrive this week. Pray that there are no transportation problems.
- Continue to pray for another long-term Primary Care doctor- Internal Medicine, Family Practice or Med/Peds to come to Bongolo.

Thank you for praying.
Blessings,
Renée

Thank you for contributing to the CMA's **Great Commission Fund**. Your gifts to the **GCF** make it possible for the Alliance to send me to Bongolo and to show God's love around the world. Here are some ways you could designate a gift: **Support of Renée Valach**- goes to the Great Commission Fund toward allowance, etc. **Work of Renée Valach**- for special work projects related to my ministry **Bongolo Hospital HIV/AIDS Treatment**- toward HIV treatment, particularly the pediatric patients
