

April 2014

End of TB treatment Celebration!

These sisters have finished their 6 months of TB treatment and we celebrated with donated dresses with stuffed animals in the pockets. The smaller of the two girls actually started treatment two years ago, did not finish, and was lost to follow up. Their mother is also finishing her treatment. All three are continuing HIV treatment.

Resurrection Celebration- He is Risen Indeed!

197 Sunday School students sang and some did a skit in church on Easter morning. Here we are going over to the church. The skit started with the stone rolling away from the tomb, the two Mary's finding the empty tomb, and the angel telling them Jesus is not here. He has risen! Below- skit practice and our angel.

Thanks/Praise!

- A technician came to install software to help us follow the HIV patients. We have been waiting for this since the HIV treatment center really took off 5 years and around 600 patients ago!
- For the first two weeks in May I will be attending a medical conference sponsored by the Christian Medical and Dental Association especially for Christian doctors in Africa. I'm thankful to be able to attend. Pray for safe travel.
- Thanks to those who gave for the matching gift from Fairhaven.

Prayer Requests

- Home assignment in the US will be June, July and August. Pray for the doctors doing my jobs while I'm away. I am scheduling speaking engagements in churches. Pray for God directed opportunities for me to communicate what God is doing at Bongolo. I will take my Pediatric re-certification exam while I'm in the US. Pray for the test and study opportunity.
- Continue to pray for help for the lab.

Thank you for your prayers.

Thank you for contributing to the CMA's **Great Commission Fund**. Your gifts to the **GCF** make it possible for the Alliance to send me to Bongolo and to show God's love around the world. Here are some ways you could designate a gift: **Support of Renée Valach**- goes to the Great Commission Fund toward allowance, etc. **Work of Renée Valach**- for special work projects related to my ministry **Bongolo Hospital HIV/AIDS Treatment**- toward HIV treatment, particularly the pediatric patients
